STARBAR

Built for crowds, queues and peak periods

The Star Bar's new look for the 2027 season

More serving points. Shorter queues. A bar people find.

The Star Bar is a self-contained bar truck with its own draught system and refrigeration. Park it beside the main stage, a fan zone, the arena or the busiest corner of the showground and it adds serious serving capacity exactly where your crowd gathers.

We can run it as your main bar, as an extra bar alongside your existing operator, or supply it to your bar contractor, with or without our staff.

Inside the Star Bar: draught taps, back bar and refrigeration, new for 2027

- Queue-busting capacity**
 A wide service hatch for fast, visible service at headline sets, final whistles and fireworks.
- Up to six staff**
 Trained, uniformed bar staff with a Personal Licence holder on every shift.
- Two sinks with hot water**
 Separate handwashing and bar-washing, as event and EHO checks expect.
- Self-sufficient on site**
 We can bring our own power and take our own waste away when the site can't provide them.
- Four draught products**
 A full onboard beer system with two fonts and refrigeration. Happy to pour your sponsor's products.
- Multiple payment points**
 Room for several card terminals, or your own cashless or till system.
- Flexible drinks range**
 Draught, cans, spirits, wine, cocktails and soft drinks, tailored to your crowd.
- Delivery and set-up**
 Positioning, set-up and collection planned around your build and break schedule.

IDEAL FOR

Music & food festivals · Highland games & agricultural shows · Fan zones & big-screen events · Race days · Fireworks & civic events

Let's talk about your busiest moments

We'll visit your site to plan positioning, access, utilities and the best operating model.

The Horsebox Bar

A converted vintage horsebox with a pop-out serving hatch, back-bar shelving and a wooden side counter. It brings real character to a VIP area, patrons' tent or premium bar, and we dress it to suit the event, from flowers and greenery to a gin, whisky or Prosecco bar.

- Draught on tap**
 Draught beer and cider alongside spirits, wine, cocktails and soft drinks.
- Compact footprint**
 About 6m x 3m with its side counter, so it fits hospitality areas and smaller sites.
- Licensed and staffed**
 Our Personal Licence holder and uniformed staff, with Challenge 25 at every service.
- Works with the Star Bar**
 Star Bar for the crowd, Horsebox Bar for VIPs: one supplier, one licence, one team.

IDEAL FOR

VIP & sponsor areas · Patrons' tents · Gin, whisky & Prosecco bars · Highland games · Smaller festivals & garden parties

The model that suits your event

Fully managed

We run the bar end to end: licence, stock, staff, tills and clear-up. You agree the pitch terms and we handle the rest.

Staffed for you

Our bar and our team, pouring your sponsor's products through your pricing and till system.

Dry hire

The Star Bar or Horsebox Bar delivered and set up for your own bar contractor to run.

WHAT'S COVERED

- **Licensing:** a Personal Licence holder on every bar, and we apply for the Occasional Licence.
- **Paperwork:** public liability certificate and risk assessments ready for your event file.
- **Responsible service:** Challenge 25 at every service and calm, early escalation.
- **Self-sufficient:** our own power and waste removal where the site can't provide them.
