THE ATMOSPHERE

What a Wedding Bar Brings to Your Day

A good bar does more than serve drinks — it's where your guests gather between the ceremony and the speeches, where the toasts happen, where the night picks up once the dancing starts. Having a licensed, professionally staffed bar on site means nobody's driving to the nearest shop for ice, nobody's queuing at a fridge in the corner, and you're not the one people come to when a guest wants a gin and tonic. It's one less thing to manage on a day that already has enough moving parts — and done well, it becomes part of the atmosphere in its own right.

OUR PROMISE

Why Choose 1958 Events

We bring the bar — properly. That means experienced, friendly bar staff who know how to read a room and keep a night moving, and a fully licensed, insured operation behind it all. Five distinctive bar styles mean there's a look to suit a country barn, a marquee, a garden or a hotel ballroom — and dry, staffed or fully managed hire means you choose exactly how much we take off your hands.

THE PRACTICAL BIT

What We Bring & What You'll Need to Provide

Included as standard

- ✓ Point-of-sale card payment equipment
- ✓ A wide drinks range, tailored to your event
- ✓ Full licensing and insurance
- ✓ Ice, mixers and quality disposable drinkware
- ✓ Weatherproof cover for outdoor bars

The equipment we bring

Every bar arrives fully equipped, so there's nothing your venue needs to source.

- Under-counter fridges to keep drinks chilled
- Back-bar storage and display space
- Ice wells and drink coolers
- A full draught beer system
- A sink with hot running water
- Every other item needed to run a complete service

What we'll need from your venue

- Access to power and water
- A working space behind the bar
- Space to position the bar itself, with reasonable vehicle access for setup
- Waste and recycling collection — arranged by us for an additional charge, or handled by your venue or waste provider

Available on request

Glassware hire, if you'd like proper glass on the day rather than our standard drinkware — and dry hire, with staffing available separately if you'd like it.

AT THE MEAL

Dinner Drinks, Sorted

Wine with the meal, beer on the tables — we'll have it chilled and ready to serve without you or your catering team needing to think about it. We work directly with your caterers on timing, so drinks arrive exactly when they're needed and the meal runs smoothly from start to finish.

HOW IT WORKS

Our Drinks Policy

We're happy to supply your welcome and toast drinks as part of your package — it means everything's covered under our licence and poured consistently all evening, and we always know exactly what's being served. If you'd rather bring your own drinks for the toast, that's absolutely fine — just let us know in advance and we'll make sure they're chilled, ready and served smoothly alongside the rest of the bar.
